

# Drive-In Worship Tips for Parents

- Print out the sermon notes or pull them up on your phone
- Go to the bathroom before you leave the house
- Bring a diaper bag or training potty for kids in that stage
- Make it a fun family outing by packing or picking up breakfast on the way
- Bring a special sermon snack just for your child
- Tell kids what you want them to do in this new situation
- Bring crayons and extra paper
- Invite your child's stuffed animal to worship
- Bring your dog (if he's well behaved!)
- Let them out of their seat to find a comfortable place to listen
- Bring a physical manipulative to keep hands busy and only bring it out if it's needed
- Pull up Sunday kids videos and plug them in with headphones if listening to the sermon is too difficult for them
- Talk about the Family Discussion question together at the end
- Tell your family how much you enjoy worshipping with them!
